Casa Central

Medical Insurance

Medical Insurance | BlueCross BlueShield

Health Maintenance Organization (HMO)

The HMO gives you access to certain doctors and hospitals, but restricts services to in-network providers only. Your care is managed by a Primary Care Physician (PCP) chosen at the time of enrollment. If you require a specialist, outpatient procedure, or hospitalization, your registered PCP must refer you. There are no out-of-network benefits.

Preferred Provider Organization (PPO)

A PPO plan offers the freedom to receive care from any in- or out-of-network doctor, specialist or hospital without a referral. You have a deductible to meet and once the deductible is met, coinsurance (or the cost share between you and the carrier) kicks in. The types of medical services that accumulate towards your deductible are inpatient hospital stays, outpatient surgeries, labs (blood work) and x-rays (MRIs, PET scans, CT scans, etc.). If you go to the doctor, see a specialist, utilize the ER or take a prescription drug, you'll pay a copay for those specific services. Copays do not accumulate towards your deductible but they do accumulate towards your overall out-of-pocket maximum.

High Deductible Health Plan (HDHP) with Health Savings Account (HSA)

This medical plan option is comprised of two components (1) a High Deductible Health Plan (HDHP) and (2) a tax-exempt savings account called a Health Savings Account (HSA).

See Page 4 for more details.

***Embedded Deductible** - Each family member has an individual deductible in addition to the overall family deductible. When a family member meets his or her deductible before the family deductible is reached, the insurance company will begin paying according to the plan's coverage for that member.

Health Savings Account | Further

The HDHP is a high deductible PPO plan that provides health care benefits after the deductible has been met. All medical services, with the exception of preventive care, are paid for by you at 100%, less carrier discounts, prior to meeting your entire annual deductible. This includes routine office visits, procedures, lab work, prescription drugs, etc.

The HSA is a bank account paired with your HDHP allowing you to set aside money on a tax-free basis to pay your out-of-pocket qualified medical, dental, and vision expenses throughout the year or in the future. You own the money in your HSA account and it is yours to keep – even when you change plans or retire. The funds roll over from year to year to be used when you really need them.

Paying the true cost of your medical services, less carrier discounts, until your deductible has been met will feel a bit different than other medical plans you may have been enrolled in previously. Casa Central will be making a contribution into your HSA on your behalf to help you pay towards any qualified medical expenses you may incur throughout the year. You too can put your own pre-tax dollars into this account for future medical expenses.

Casa Central will be contributing \$630 annually to employees enrolled in either of the two HDHP plans into your Health Savings Account. An initial \$150 will be deposited at the beginning of the plan year and then \$20 per pay check after that.

Your HSA plan banking is administered through Further. You may contact Further member services at 651.662.5065 with questions about your account. To learn more about your HSA, please visit www.hellofurther.com and register to manage your HSA online.

Advantages to having an HSA

- There's a triple tax savings benefit as contributions are not taxed going into the account, while they sit there earning interest or when they're taken out for a qualified medical expense
- You pay less in premium for this plan
- Unused funds rollover each year with no maximum on how much you can save and accumulate over time
- The account is portable so you never have to worry about losing the money in the account should you change between plans, retire or even seek employment elsewhere
- Your HSA can be viewed as a second means of savings for your retirement
- You control your healthcare spending and choose when to use your HSA dollars and when to save them
- You become a more informed participant in your healthcare and healthcare spending

Using your HSA on qualified expenses

You can use the money in your HSA to pay for qualified medical, dental and vision expenses permitted under federal tax law. Examples include, but are not limited to:

Medical Expenses

- Acupuncture
- Chiropractic care
- Fertility treatments
- Diagnostic services
- And more

Dental Expenses

- Crowns
- Dentures
- Orthodontia
- Teeth cleanings
- And more

Vision Expenses

- Vision exams
- Contacts
- Eye glasses
- Laser eye surgery
- And more

For a full list of qualified medical expenses go to www.irs.gov and search Section 213d.
